1. Heading from the bus shelter, take the path on the opposite side of Bere Road to the bus stop. This is signed as a cycleway /footpath.

Bear left with it and shortly join an estate road. Go straight over and keep alongside the open space (N). Keep to the right of the open space and pass through a narrow entryway between the houses.

At the road turn left. In a short distance turn right onto a cycleway leading towards the golf course (NW). Follow this track through the golf course until you reach a barrier leading into Wareham Forest.

2. Ahead are three paths. Take the middle one, marked by blue plaque of the Sika Trail, into the woods. After 50 metres or so, bear left at the fork to go slightly uphill.

Going uphill you come to a bench, which is a good spot to turn and look at the view, and then bear left at a fork at this point. This path curves round to the right and opens out onto a wide grassy track.

- When you come to a junction, turn left to enter the car park.

Leave the car park via the entrance and go across the road to a path between two posts and follow the narrow forest track. (This can be muddy!) After a few metres it joins another track where you turn right.

- At a four way junction of tracks go straight ahead onto a narrow path through the bushes. (Signed: Wareham Forest Way, East Morden.)

The path leads to a bridleway that crosses from left to right. Turn left.

- When you reach a paved road (after a section that is sometimes wet) turn left.

- After a few hundred metres and after passing several buildings and entrances you will come to a footpath crossing from left to right. Turn right onto the footpath as it leads downhill into the woods (signed Carey House). (You have rejoined the Wareham Forest Way.)

Bear left at the fork passing a building on your right. When you come to another fork, bear left again with the waymarked track.

- After a left turn, the track leaves the woods. Go straight ahead along the track between two fences.

Just before the farm (which is usually very muddy) go through the small kissing gate on your right into a field and head for a small metal bridge down to your left and go over the bridge. Turn right onto the main track.

- Follow the farm track until you pass under the railway and reach West Mills. Go over the bridge, passing the mill on your right and follow the track to turn left and through a gate away from the buildings towards the bypass.

Keep to the track, under the bypass. Continue up towards the Wareham Walls.

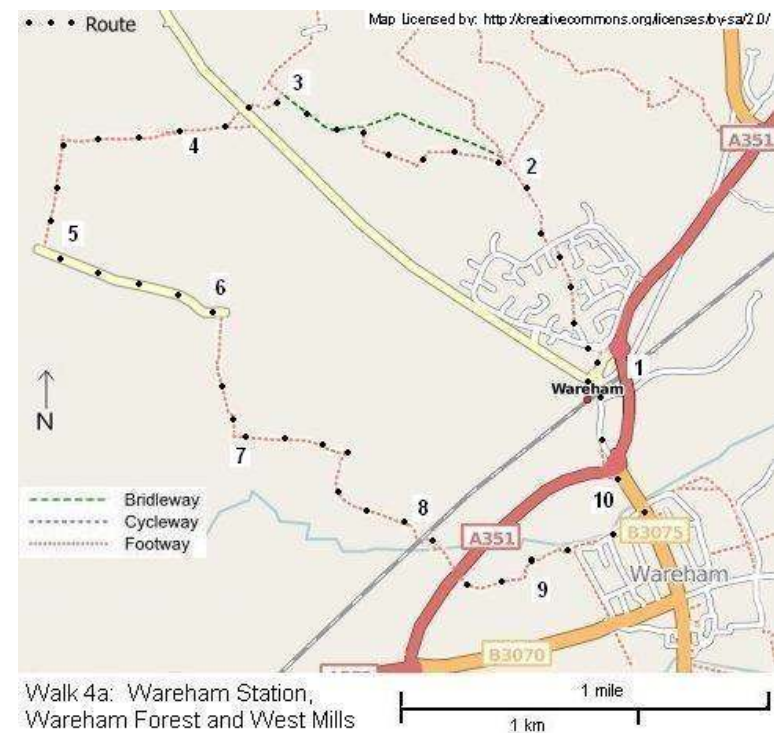

- After a left bend going uphill is a small parking area. From this head for a path, (signed Public Footpath) over to your left, which leads around

the outside of the Walls with bushes on your right.

This path leads around, passing through a gate and back up to the top of the Walls. When you join the road (North Walls) bear left and go down to the main road, which goes through Wareham.

Turn left on to the main road and pass over the river Piddle.

- Bear left and follow the footpath and cycleway, through the underpass, across the level crossing and on to the station and the bus stop.
